**2. SAFETY**

• For your safety, this appliance complies with the applicable standards and regulations (Low Voltage Directive, Electromagnetic Compatibility, Environmental...).

• The appliance's accessories become very hot during use. Avoid contact with the hot parts of the appliance.

• Check that the voltage of your electricity supply matches the voltage of the appliance. If not, do not use the appliance until you have replaced the fuse or contact your electricity supplier.

• If the power cord becomes damaged, do not use the appliance, and never repair it yourself, not covered by the guarantee.

• For additional protection, the installation of a residual current device (RCD) having a rated residual operating current not exceeding 30 mA is advisable in the electrical circuit supplying the bathroom. Ask for installer for advice.

The installation of the appliance and its use must however comply with the standards in force in your country.

• **WARNING:** do not use this appliance near bathtubs, showers, basins or other vessels containing water.

• When the appliance is used in a bathroom, unplug it after use since the proximity of water presents a hazard even when the appliance is switched off.

• This appliance was not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.

• If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

• Stop using your appliance and contact an Authorised Service Centre if:
 

- you do not understand the instructions;
- the appliance does not work correctly;
- the appliance must be unplugged;
- before use, the appliance does not function correctly;
- it is not working correctly;
- as soon as you have finished using it;
- if the plug is damaged;
- Do not immerse or put under running water, even for cleaning purposes;
- Do not hold with damp hands;
- Do not touch the appliance by the casing, which is hot, but by the handle;
- Do not unplug by pulling on the cord, rather pull out by the plug;
- Do not use with abnormal or worn products;
- Do not use at temperatures below 0°C and above 35°C.

**GUARANTEE:**  
Your appliance is designed for use in the home only.  
It should not be used for professional purposes.  
The guarantee becomes null and void in the case of improper usage.

## 3. BEFORE FIRST USE

After the first use, attach the accessories to the appliance only when it is cool. Allow the accessoires to cool down before storing them in the case.

3a / Placing and removing the iron:

• Hold the iron by the handle and turn the screw (Fig. 2).

2a / Brush:

• Remove the brushes, slide them in the opposite sense.

3b / Straightener:

• Place the crimper/straightener on the handle (Fig. 1).

2b / Straightener:

• Turn the screw located on the handle in order to lock the accessory (Fig. 2).

3c / Hairpins:

• Remove the hairpins, set the accessories in the "straight" position (Fig. 3b) to use them.

**PLUGGING IN YOUR HAIR STYLER**

• When you have attached an accessory to the handle, place the appliance in a stable position.

• Plug it into the wall and the On/Off switch will begin to heat up (Fig. 3).

• When the power on light begins to glow, allow your hair to reach its working temperature (1-3 min. for the "iron" accessories; max. 10 seconds for the "straight" plates).

## 4. OPERATION

Use this product on clean, untangled, DRY hair to avoid damaging your hair.
